

HdL Companies

has put cities, counties and special districts on the path to achieving their financial goals for decades. Nationwide, our team provides tailored solutions that help public agencies become more efficient, diversify their revenue streams and plan for economic success.

"HdL stands out from the competition in terms of their consistent performance, excellent service and in-depth knowledge of property and sales tax rules, regulations, trends and historical data."

— Huntington Beach, CA

"We are extremely satisfied with the service and professionalism of HdL. They have helped us gain a better understanding of any actions that may be occurring at the state or national level that could impact our tax collections."

— Tyler, TX

"HdL gave us the opportunity to conduct process improvement and analysis, as well as adapting to the needs of our business community in a post-pandemic environment."

— Chamblee, GA
